

COPIERS / PRINTERS

Toner Spammers

Make sure you only order your supplies from a validated Fisher's supplies agent. A predatory industry exists to represent your current supplier and scam you into buying products you have already paid for.

THESE "TONER PHONERS," OR "TONER PIRATES,"

WILL SAY THINGS SUCH AS:

"Since the price of toner is rapidly increasing..."

"Your supplier told me to call you."

"Your supplier is going out of business."

"We are the warehouse supplier, so it's cheaper."

"We are Fisher's supplies team."

Don't be fooled ... follow the process above and hang up on the scam artists. Remember, if you are on a standard service agreement with Fisher's you don't pay when you order toner.
