GET IMAGE QUALITY THAT EXCITES

2400 x 2400 dpi print resolution lets you print crisp text, bold solids, lifelike photos and graphics. And color scanning with 600 x 600 dpi with 8-bit gray scan resolution means perfect reproductions every time.

WORK IN FAST FORWARD

High-speed print engines deliver output up to 100 or 125 pages per minute. A fast, single-pass, automatic document feeder works at speeds up to 200 images per minute. And a huge paper capacity means there's never a need to press pause — even on the largest, most complex jobs.

STAY AHEAD OF THE LEARNING CURVE

The ED95A/ED125 redefines ease-of-use. A state-of-the-art integrated controller comes standard. And a large, full-color touchscreen lets users perform complex functions with just a few steps.

CONTRIBUTE TO A CIRCULAR ECONOMY

Sustainability comes standard on the ED95A/ED125. This device, while newly produced and upgraded, contains a percentage of recycled and reused components that provide the same level of performance as new components. So your purchase is a win for you and a win for the planet.

The right applications for your environment.

The Xerox® ED95A/ED125 lets you do more.
Develop innovative applications now and in the future.

EDUCATION

Applications include teacher curriculum materials, workbooks, student directories, coursepacks and yearbooks.

- Teachers and others can create multiple collated or uncollated sets with slip sheets for classroom handouts; sets can be finished with hole-punch or staple.
- Lay-flat binding provides 360-degree rotation.
- Fast copy speed and broad media capacity gives teachers and assistants more time in the classroom.
- Achieve better, more effective communications with full-color scanning and scan-to-email capabilities.
- Create low cost memory books and insert color where needed.

LEGAL, INSURANCE AND HEALTHCARE

Applications include evidentiary, discovery and case management documents, schedules and newsletters.

- Built-in Bates Stamping lets you generate copies with customized 16-digit alpha-numeric descriptors on each page.
- Reduce-to-Fit feature enables edge-to-edge copying.

- Achieve consistently high productivity with high speed printing and scanning.
- Increase productivity when you work with Document Processing, Archiving and Stamping software.
- Flexible in-line finishing make it easy to stack, hole punch or make simple booklets in-house.
- Communicate faster and more effectively via scan to email.
- Create both office publications and transactional print documents.

QUICK, FRANCHISE OR ENTERPRISE/IN-PLANT PRINTERS

Applications include complex jobs, manuals, collaterals, calendars, catalogs, newsletters and forms.

- Produce the high-quality output your customers demand.
- Meet aggressive turnaround times.
- Offer more applications and services.
- Offer personalization using optional one-to-one software.
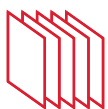

SERVICE BUREAU OR DATA CENTER

Applications include statements, bills and schedules.

- High reliability ensures you meet tight deadlines.
- Create high-value, high-impact applications on the spot using color insertion, personalization and booklet finishing.

OFFICE

Applications include newsletters, handouts, presentations, reports and correspondence.

- Ease-of-use ensures copying, scanning and printing are no-stress activities.
- Expansive media capacity, more pick points, and in-line hole-punch, stapling, folding and booklet-making options reduce labor and ensure consistent results.
- Security features protect your data; copy, scan and print data can be encrypted or overwritten to meet your corporate security standards.
